## JUDGE HARDIN TALKS TO FRIENDS

Congressional Candidate Greeted By So Many Saturday, He Makes Short Address

Although he came here Saturday afternoon just for the purpose of meeting and conferring informally with prominent democrats of the county, so many came in and asked him to make a short speech, that Judge C. A. Hardin, democratic candidate for congress, could not refuse. He spoke for about an hour in the county court room and when it became noised about that Judge Hardin was speaking, the courtroom quickly filled up. He was given a most respectful hearing and pleased everyone who heard him with the tenor of his remarks.

While here, Judge Hardin took occasion to refute a number of the irresponsible charges and aspersions which his opponent, Capt. King Swope, has seen fit to cast upon him, and his recklessness and irresponsibility with which the young man has sought to make votes against the Judge, friends of the latter thought that he handled his refutations with much conservatism. Judge Hardin paid a splendid tribute to President Wilson and the League of Nations, and was frequently applauded. This was the first political speech that he had ever delivered in Madison and was sort of an introductory occasion. That the distinguished jurist made a most favorable impression, and inspired democrats from all sections of the county with zeal to get out next Saturday and roll up every democratic vote possible, was evident from expressions heard on all sides after the informal gathering had broken up.

Judge Hardin stated that he wired to Washington that he believed that there was no use in sending Congressmen Helfin and Hardy here to speak over the Eighth. Reports from every section of the district are to the effect that the democrats are aroused and that a record majority may be expected in the 11 counties of the district when votes in the special election are counted.

Speaking of the fight in the Eighth district, the Louisville Times' political column had this Saturday:

Realizing that the eyes of the nation are focused upon the special congressional election in the Eighth district, next Saturday the Democrats are redoubling their efforts in each of the eleven counties, to elect by a large majority Judge Charles A. Hardin to fill the place made vacant by the death of Congressman Harvey Helm. Reports from the district are that the Democrats, alive to the importance of the election, determined that the result will express a vote of the confidence in President Wilson and the National Administration.

It has been a difficult matter to get a line on the Republican activities in the special congressional campaign in the 8th district, owing to the still-hunt methods in vogue there, but from reliable sources it is learned that the Republicans have the best organization in the district that they have had for twenty years. It is reported that the Republicans have plenty of money, which leads to the belief that the special election is not being overlooked by the national G. O. P. organization and the interests. The appeal of Capt. Swope to the soldier vote, and the promises of bonuses and free Government land, is being likened to the old-time "forty acres and a mule" slogan of post-Civil War days.

## DOTY TO SHOW AT HARRODSBURG

Richmond Horseman Has Stable of Four He Expects To Get The Ribbons.

All roads will lead to Harrodsburg this week, when the big country fair will begin July 29th, and run through three days. Several delegates will attend in autos from Madison county. Edgar T. Doty, of Richmond, will take his string of four show horses and exhibit them there and will make the Berea fair the week following. Weber's band will furnish the music for the Mercer county exhibition, and Secretary Clell Coleman says that he is going to have one of the best fairs in the history of Mercer county this year.

Mr. Doty has four mighty promising show horses which he hopes will give a good account of themselves in the show ring. He plans to take them all to the State Fair at Louisville, of they make the right sort of preliminary shows at the country fairs. The star of Mr. Doty's string is the Lady in Grey, a full sister to the famous grey gelding Maydan, which was sold for \$5,000 to an Oklahoma fancier last spring. The Lady in Grey is three years old and is by Jack Twigg and out of Montgomery Chief mare.

Nobleman, a six-year-old stallion by Bourbon King and out of a Rex Peavine mare is entered in the big \$10,000 stakes at the State Fair, and is giving a good account of himself. He is owned by Mrs. Anderson, of Nicholasville for whom Mr. Doty is handling the animal. Harry Francis and Salem Wallace, of Paint Lick, have a nifty five-year-old mare in the Doty stable that they call Flashlight. She is by Rex Peavine and out of a Prince Rupert mare. Mr. Doty, who owns the Lady in Grey personally, also owns the bay horse Tarzan, a six-year-old by Rex Peavine and out of a Highland Denmark mare, which makes the fourth one of his string. He will have them ready for the saddle and light harness rings and expects them to give good account of themselves.

### Big Crowd At Union Service

Mr. Royce had been in declining health for more than a year, with that dread malady cancer of the stomach had sought advice from many prominent physicians, but it seemed very few of his friends were aware of the seriousness of his illness, and the announcement of his death Monday morning, came as a shock to his host of friends. He was sixty-two years of age, and was for many years a consistent member of the Presbyterian church. He is survived by his wife, Mrs. Addie Royce and five daughters, Mrs. Granger, of Oklahoma City; Mrs. Rees, of Harrodsburg; Mrs. Thoss, of Cincinnati; Mrs. Edward and Mrs. Hagan.

## SWOPE ANSWERS JOE CHENAULT

Says Chenault Tried To Evade Army Service and That Hardin Is Opposed to Extra Pay for Soldiers

Mr. Joe P. Chenault, Atty. at Law, Richmond, Ky.  
Dear Sir:—

Some few days ago I answered all of the important questions of a letter you sent me but as to the pueril questions contained in the letter you published in the Register on Saturday last, they need no answer or refutation because they are not issues in the campaign, or they bear their own condemnation.

You forgot to state the fact however, that you plead every exemption to avoid military service while the other boys were doing their part. You forgot to state that you plead the office of City Attorney as ground for exemption and that the only time you were in the army was from August to December. You failed to state that it took the district board to put you in the service even as a private. You know and knew at the time you wrote that letter that I never served in the Quartermaster Corps and you also knew that I was in the Infantry and was in command of a Machine Gun Battalion at the date of my discharge. I am calling on you to prove your assertion in that particular and defy you to do so by the properly authenticated records of the Army or War Department, and if you are the kind of man I hope you are you will have the honesty and fairness to say through the newspapers that you were mistaken or misinformed in that particular. You also know that Judge Hardin in his speech at Columbia said that he could not promise the soldiers in advance that he would support legislation in favor of extra pay for them and yet you say you think they should have it.

If you're simply seeking newspaper publicity by your brain storm of words and poverty of thought, I would suggest that you secure it by addressing yourself to facts and seeking it through other channels rather than by addressing yourself to those who are busily engaged in honorable pursuits.

Yours truly,  
KING SWOPE

**POLITICAL ANNOUNCEMENTS**  
The Daily Register is authorized to announce the following candidates for nomination subject to the action of the Democratic Primary, August 2, 1919:  
**For Representative**  
**T. H. COLLINS**  
For Representative in Congress subject to the action of the Democratic party and the special election to be held August 2, 1919, in the Eighth Congressional District.  
**CHARLES A. HARDIN**  
of Mercer County

The Shelby News hits the nail on the head in a splendid article this week, in which it calls upon the Democrats of Shelby to see to it that Judge Hardin receives the full Democratic majority of that splendid county. It says:

The election of a successor to the late Congressman Harvey Helm is of vital importance at this time to the District and the Nation and Shelby Democrats should not fail to give Judge Chas. A. Hardin, of Harrodsburg the Democratic nominee, a rousing majority in the special election on Saturday, August 2nd. While the special Congressional election occurs on the same day as the State-wide Primary it will be held in separate booths by different set of officers and every Democrat should be careful to exercise his right of suffrage in both elections.

Not only is the election of Judge Hardin important to the people of the district in that he is far better qualified to make us an able representative than his Republican opponent, but because just at this critical period in our Nation's history it is of the most vital importance that we send a man who will support our great President in his policies of reconstruction and help to ratify the peace treaty and adopt the League of Nations covenant, which will do as much as human power can do to prevent future wars.

Naturally the eyes of the entire Nation are on the old Eighth District of Kentucky as it is the first district in this country to elect a member of Congress since the return of President Wilson from France and his appeal for support for the finding of the great Peace Conference at Versailles. To the country at large the election of Judge Hardin by a large majority will mean an endorsement of President Wilson's untiring efforts for a permanent peace and an unqualified endorsement of the League of Nations.

The Republican recognize the importance of the coming election and they are putting forth every effort in their power to bring out a full vote of their party. They are pursuing their usual gun-shoe methods as well as fighting out in the open. They realize they have a great handicap in the splendid character and known ability of the Democratic nominee, as well as the fact that their own party has already made practically all of its nominations for State offices and there is not much inducement for their voters to come out for the State Primary. But this has not entirely discouraged them and it behooves the Democrats to be on their guard and roll up their usual majority in the coming special election.

For many years Shelby county has been furnishing the bulk of the majority that has sent Democratic Congressmen to Washington and she must not fail in the coming election, August 2nd.

## MOONLIGHT SCHOOLS BEGIN WORK AUGUST 4

The opening of the Moonlight Schools on August 4 will be the great step in the campaign which is now being waged by Kentucky Illiteracy Commission in the hope of eradicating illiteracy from the state by 1920. Besides the Moonlight Schools, are perfected for every step of the campaign for reclaiming Kentucky from illiteracy.

According to the act of the Legislature, the Kentucky Illiteracy Commission was created to wage a fight against illiteracy in the hope of completely eradicating it from the state by 1920, and with this in view the Commission is bending every effort to make the remaining months count. The report of Nat. B. Sewell, State Inspector and Examiner, rendered in December 1918, shows that approximately 100,000 illiterates were taught to read and write through the work of the Commission and that a similar number yet remained to be taught during the existence of the Illiteracy Commission.

A force of County Illiteracy Agents have been trained by the Kentucky Illiteracy Commission and assigned to various counties for the campaign. Another group is to be trained by the Commission at an Institute to be held in Frankfort this week. The agents will not only direct the teaching but will act as attendance officers in their area. Their work being directly among the parents gives them an opportunity to influence these parents to send their children to school.

## Frightful Accident in Bracken Child Maimed By Mower

In Bracken county, last week, Herbert, seven-year-old son of Mr. and Mrs. Ben Estell, living in Johnsonville Precinct, met with a frightful accident when he stepped in front of a moving machine pulled by two horses, driven by his father. Mr. Estell was cutting hay, the little boy being in the field with him, and a bird's nest was found by the boy. He was looking at the nest and his father did not see him as he drove back, and Herbert stepped directly in front of the knife. The right leg, between the knee and ankle, was cut almost through the bone. While the left leg, also between the knee and ankle, was badly cut in the calf, the leaders being severed. Had it not been that Mr. Estell displayed unusual presence of mind—throwing his entire weight on the lines as he pulled—when he saw the dangerous position his son was in, the child would have had both legs cut off.

Miss Margaret Sallee, a teacher in the School for the Deaf at Danville, is dead.

## The Chambers Fireless Gas Range

We have engaged the services of one of CHAMBERS' experts to give demonstrations at our store Saturday, August 2nd, and right now we want to extend to you an invitation to attend.

Let a Chambers organize your Kitchen with office-like efficiency—

With the trend of the times in the direction of greater service of the woman, there has been much attention to organizing the routine work of woman on a business-like scale.

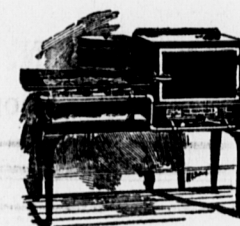

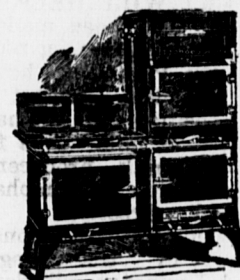

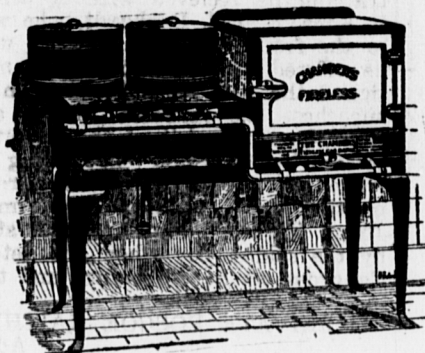

Man, in his office, has employed the typewriter, the adding machine, the comptometer.

In the fields, he has employed the self-binder, the automatic rake, the tractor and hay loader.

Woman, too, has made some progress along the lines of better tools. Kitchen Cabinets have entered the kitchen to make the kitchen more convenient. Automatic Washing Machines have taken the drudgery out of the first day of the week.

### AND NOW COMES THE CHAMBERS FIRELESS GAS RANGE

What the typewriter has done for business, What the self-binder has done for the farmer, The Chambers Fireless Gas Range has done for the American Kitchen.

## DEMOCRATS OF MADISON COUNTY

Chief Justice John D. Carroll, who seeks the Democratic nomination for Governor, is one of the ablest men who has been a candidate in Kentucky in generations. He is clean, strong, forceful; he is a student and worker, not a politician.

There is nothing in his public or private life to explain or apologize for; as the party nominee he would not be on the defensive.

He can unite the party; he can be elected.

Judge Carroll will poll the full strength of the Democratic party in Kentucky. Because of the fullness of his qualifications, because of his high standing in public and private life he will wrest from the Republican nominee the great mass of independent voters which invariably decides state elections in Kentucky. You can not go wrong by voting for Judge John D. Carroll for Governor. adv 201

## RETURNED SOLDIER

Backs Judge Charles A. Hardin  
and Calls On All Patriots To  
Stand By Him.

(Danville Advocate)  
Private Roscoe Gaither, of Harrodsburg, passed through Danville yesterday. He is just from France, where he has been for more than a year in actual service, during which time he participated in the fighting at Goges, Meuse-Argonne and was in support of Verdun at the time the armistice was signed. He wants it to be known that he is for Judge Charles A. Hardin for Congress, and asked that the Advocate so state. He says that "Judge Hardin with untiring loyalty stood by the boys at the front in speech-making, soliciting and giving." He also stated that he was against King Swope as he believed a man who was subject to draft and volunteered in the officers training camp, and who never saw overseas service, and would advertise himself and urge by letter which we literally quote: "I believe that all men who were in the service should stand together regardless of politics, and I am making my appeal to all of them," is a reflection upon the patriotism and motives of the soldiers who were fired by lofty aims of the war only to service for their country and mankind. I am of the opinion that one who was so fortunate as to get into the officers training and hold Captaincy in America without going abroad or near the danger line, should be grateful to Uncle Sam for the fine experience and training he received without danger to himself. Col. Demhardt, who went to the front, fought in France, when he offered for Governor, never mentioned the fact by letter or in his speeches. He reflected in his attitude the true spirit of the American soldier, who would not drag his scared service through the mire of politics for political preferment. Judge Hardin, I am sure, will stand by the soldier boy when he gets to Congress, as he did before and that, too, without boasting.

## Buttons For Those In the War.

The victory button commemorating service in the world war is now being distributed by the War Department to every man enlisted in the American force since April 6, 1917. Two hundred thousand silver buttons have been manufactured for distribution to men wounded in the war. Approximately 500,000 bronze buttons for men who served abroad but who were not wounded, have already been manufactured. Manufacture of the bronze buttons will be continued at the rate of 250,000 a week until all the demands are supplied. These buttons can be obtained at the various army posts, recruiting stations and zone supply offices upon presentation of honorable discharge. The War Department is now negotiating contracts for the victory ribbon and stars and bars to be issued to those who served in world-war engagements and those who received citations for valor. Approximately 507,000 yards of this ribbon will be manufactured at the rate of 15,000 yards a week.

## 25 Monster Big Type Poland China Pigs 25

In order to make room for our Fall pigs, we will sell at public auction at the East End Stock Yards in Richmond, Kentucky, on

## Monday, August 4th

(County Court Day) at 2 o'clock p. m., 25 Monster Big Type Poland China pigs—2—16 boars and 9 gilts.

This offering represents the cream of Big Type and is the pick of our entire spring crop of pigs. They are out of those big 800 and 900 pound sows and sired by that Blue Grass Giant, a young boar that bids fair to go to the top.

In laying our foundation herd, I spared neither time nor money in getting the best so you may go to the east or west and you won't find any better bred pigs than these. Land is high—so are hogs and feed. It costs no more to raise a 400-pound thoroughbred than a 250-pound scrub. So why go on raising scrubs when you can buy at this sale a nice young herd of thoroughbreds at your own price. Of course we are losing money by selling these pigs so young but we must have room and your profit is our loss. Whether you buy or not, come and see our herd Sales day.

Pedigrees will be furnished on day of sale. Crates furnished for pigs to be shipped only.
